

Raising funds for...

JDRF IMPROVING
LIVES.
CURING
TYPE 1
DIABETES.

**Jelly Baby
month**

BASIC FACTS:

Type 1 Diabetes is a life-long autoimmune disease that often occurs in childhood but can be diagnosed at any age. Type 1 Diabetes affects over 122,000 people in Australia alone.

JDRF is committed to finding a cure for Type 1 Diabetes as well as providing support and resources to sufferers and their families.

Whyalla singer/songwriter **Alison Hams** wanted to combine her professional love of music and kids with her personal interest in helping people with Type 1 Diabetes - and so the "**Jelly Baby Song**" was born!

From its launch on 1st May 2013 in line with JDRF Australia's "**Jelly Baby Month**" campaign - 95% of all sales of "**Jelly Baby Song**" flow straight back to JDRF and their quest to cure Type 1 Diabetes!

"**Jelly Baby Song**" features Alison along with her "**Jelly Baby Choir**": (Halle, Asha, Jordan, Hayley, Ellise, Natasha and Grace) aged 7-10. The song has been produced by Mark Tempany at Stormfront Productions in Whyalla and mastered in Nashville, Tennessee.

If everyone, everywhere simply buys a copy of "**Jelly Baby Song**" from jellybabysong.com for less than \$2 - just imagine *what a difference* we will make towards finding a cure for Type 1 Diabetes!
